

The Prodigal Son

Kay Perez

This parable is about a man who had two son. The younger son wanted his inheritance, so his father divided what he had between his sons. The younger son left home and wasted his inheritance in bad living. He ended up hungry and feeding pigs. He was sorry for what he did and returned home. His father gladly received him because he had been lost and now he had been found. Read Luke 15:11-31.
